

REASONS TO CONSIDER

**Targeted Exposure**

ETPMAG is backed by physical silver. Each physical bar is segregated, individually identified and allocated.

**Appeal of Silver**

Historically, investors have turned to silver as a potential store of value. It also has a range of industrial uses, particularly in electronics.

**Simplified Exposure**

In a single trade, ETPMAG delivers low-cost access to physical silver via the stock exchange and avoids the need for investors to personally store the bullion.
