

REASONS TO CONSIDER

Market Leader

Global X's long-term commitment has solidified our position as the market leader in gold-backed exchange traded products in Australia.

Cost Effective

At 0.15%, GXLD is the lowest cost physically backed gold exchange traded product in the market.

A Core Allocation

GXLD is specifically designed for investors looking to hold gold over the longer-term as a core portfolio allocation.

Commodities — Direct Exposure

Silver: Silver Spot Price; WTI Crude Oil: Bloomberg WTI Crude Oil Subindex; Energy: Bloomberg Energy Subindex; Agriculture: Bloomberg Agriculture Subindex; Commodities: Bloomberg Commodity Index. Correlations calculated from 30 June 2021 using monthly returns in Australian dollar term.

ABOUT THE PRICING

Each individual Gold Interest has an effective entitlement to gold, and that entitlement changes daily to reflect the accrual of the management fee.

Authorised participants create and redeem Gold Interests by delivering or receiving gold that conforms to LBMA standards.

Gold Interests are traded on exchange with a price that is based on the spot price of gold in Australian dollars multiplied by the applicable gold entitlement.
