PRINCIPAL ACTIVITIES

The Company's principal activities during the course of the financial period was the continuing issue of Global X Physical Gold Securities, Global X Physical Palladium Securities, Global X Physical Platinum Securities, Global X Physical Silver Securities and Global X Physical Precious Metals Basket Securities, allowing investors to own and trade that interest through a security that is quoted on the Australian Securities Exchange ("ASX").

A Metal Share is a redeemable preference share with a nominal value of 1/1,000th of 1 cent (or 1/10,000th of 1 cent for Metal Shares associated with Global X Physical Gold) which carries with it a right to the Metal Entitlement applicable to that class of share. Although a Metal Share in itself has no economic value, it exists in order to provide a class of "share" which is quoted on the ASX under the AQUA rules.

The metals are held in the name of Gold Bullion Nominees Pty Ltd (the "Trustee"). The metal, to which the Holder is entitled, is held by the Custodian Bank, JPMorgan Chase Bank, N.A. ("JPMorgan"), in vaults in London.

The Company has entered into an Administration Services Deed Poll with its related party, Global X Management (AUS) Limited ("GXMA"), whereby GXMA is responsible for supplying or procuring the supply of all management and administration services required by the Company.

The Trustee has entered into an Overdraft Facility with JPMorgan that allows for the loan of up one bullion bar of Gold, Silver, Platinum and Palladium. The Metal Bullion held through the Overdraft Facility is used by the Trustee to facilitate the movement of Metal Bullion between unallocated and allocated physical stocks to ensure all Metal Securities issued are supported by holdings of Metal Bullion in allocated form.

In consideration of fees earned in managing the Company and its investments, GXMA provides or procures all management and administration services in connection with the issue and management of the Company's Metal Securities, required by the Company. Pursuant to this Deed Poll, all the operating costs relating to the Company including metals storage, insurance, marketing and administration costs, and compensation of Directors and executives were incurred and paid by GXMA to enable the continued operation of the Company.

During the half-year there were no significant changes in the nature of those activities.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the Half-year Financial Report of Global X Metal Securities Australia Limited does not comply with the *Corporations Act 2001*, including:

- giving a true and fair view of the Company's financial position as at 30 June 2024 and of its performance for the Half-year ended on that date; and
- complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

The **Half-year Financial Report** comprises:

- Statement of financial position as at 30 June 2024
- Statement of profit or loss and other comprehensive income, Statement of changes in equity and Statement of cash flows for the Half-year ended on that date
- Notes 1 to 14 comprising material accounting policies and other explanatory information
- The Directors' Declaration.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report.

We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with these requirements.

The Directors of the Company are responsible for:

- the preparation of the Half-year Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*
- such internal control as the Directors determine is necessary to enable the preparation of the Half-year/Interim Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Half-year Financial Report

Our responsibility is to express a conclusion on the Half-year Financial Report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the Half-year Financial Report does not comply with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 30 June 2024 and its performance for the Half-Year ended on that date, and complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a Half-year Financial Report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with *Australian Auditing Standards* and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

1. GENERAL INFORMATION

Global X Metal Securities Australia Limited (the “Company”) is a public company incorporated and operating in Australia and admitted to the official list of the Australian Securities Exchange (“ASX”) under the AQUA rules. The Company’s Metal Securities are quoted on the ASX under the following codes:

Global X Physical Gold	GOLD
Global X Physical Silver	ETPMAG
Global X Physical Platinum	ETPMPT
Global X Physical Palladium	ETPMPD
Global X Physical Precious Metals Basket	ETPMPM

The address of the registered office and principal place of business is Level 9, 115 Pitt Street, Sydney, NSW 2000. The Company is domiciled in Australia and is a for-profit entity.

Mirae Asset Global ETFs Holdings Limited and its subsidiaries (which include the Company), specialises in the development and issuance of Exchange Traded Products (“ETPs”). ETPs are transparent securities designed to track the value (before fees and expenses) of the underlying commodity, index or currency while providing market liquidity for the investor. ETPs typically are not actively managed, are significantly lower in cost when compared to actively managed mutual funds and are easily accessible to investors.

The purpose of the Company is to provide a vehicle that permits trading of the Metal Securities, not to make gains from trading in the underlying Metal Bullion assets themselves. The Metal Securities are issued under limited recourse arrangements whereby the Company has no residual exposure to price movements of the underlying assets, therefore from a commercial perspective gains and losses in respect of Metal Bullion will always be offset by an equal and opposite loss or gain on the Metal Securities.

The Half-year Financial Report was authorised for issue by the Directors on 4 September 2024. The Directors of the Company have the power to amend and reissue the financial statements. The financial statements are presented in Australian Dollars, which is the Company’s functional currency.

Administrative Services and Economic Support

The Company has entered into an Administration Services Deed Poll with its related party, Global X Management (AUS) Limited (“GXMA”), whereby GXMA is responsible for supplying or procuring the supply of all management and administration services required by the Company.

Under the Administration Service Deed Poll, GXMA is entitled to:

- i) A Management Fee which is calculated by applying a fixed percentage to the contractual value of Metal Securities in issue on a daily basis; and
- ii) Creation and Redemption Fees on the issue and redemption of the Metal Securities.

No Creation or Redemption Fees are payable when investors trade in the Metal Securities on a listed market such as the Australian Securities Exchange.

In consideration of fees earned in managing the Company and its investments, GXMA provides or procures all management and administration services in connection with the issue and management of the Company’s Metal Securities, required by the Company. Pursuant to this Deed Poll all the operating costs relating to the Company including metals storage, insurance, marketing and administration costs, and compensation of Directors and executives were incurred and paid by GXMA to enable the continued operation of the Company.

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES

The accounting policies applied in these Half-year Financial Statements are the same as those applied in the Company’s financial statements as at and for the year ended 31 December 2023. The following material accounting policies have been adopted in the preparation and presentation of the financial report:

Statement of Compliance

This Half-year Financial Report is a general purpose financial report which has been prepared in accordance with the Corporations Act 2001 and AASB 134 *Interim Financial Reporting*. Compliance with AASB 134 ensures compliance with IAS 34 *Interim Financial Reporting*. The Half-year Financial Report does not include all notes of the type normally included in an annual financial report and should be read in conjunction with the most recent annual financial report.

Basis of Preparation

The Half-year Financial Statements have been prepared under the historical cost convention, except for the revaluation of certain non-current assets and financial instruments. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars, unless otherwise stated.

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

Basis of Preparation (continued)

In the application of AASBs management is required to make judgments, estimates and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstance, the results of which form the basis of making the judgments. Actual results may differ from these estimates.

Accounting standards issued but not yet effective

A number of new accounting standards and amendments to accounting standards are effective for annual period beginning after 1 January 2024 and earlier application is permitted. The Company has not early adopted any of the forthcoming new or amended accounting standards in preparing these Half-year Financial Statements.

Overdraft Facility

JPMorgan Chase Bank N.A. ("JPMorgan") has provided an overdraft facility (the "Overdraft Facility") to the Trustee to facilitate the movement of Metal Bullion between unallocated and allocated physical stocks to ensure all Metal Securities issued by the Company are supported by holdings of Metal Bullion in allocated form. The Overdraft Facility is denominated in ounces of the underlying Metal Bullion, and is repayable in ounces of the underlying Metal Bullion.

Redeemable Preference Shares

Global X Metal Securities are redeemable preference shares and are recorded at their nominal value of 1/1,000th of one cent each (or 1/10,000th of 1 cent for Metal Shares associated with Global X Physical Gold).

Impairment of Assets

At each reporting date, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognized in profit or loss immediately, unless the relevant asset is carried at fair value, in which case the impairment loss is treated as a revaluation decrease.

Loans and Receivables

Trade receivables and other receivables are recorded at amortized cost less impairment.

3. REVENUE AND COSTS

Pursuant to the arrangements under the Administration Services Deed Poll with GXMA as outlined above in note 1, the Company recognised no income or expenses for the half-year ended 30 June 2024 (2023: AUD Nil). In accordance with this Deed Poll, GXMA earns management fees of:

	Half-year ended 30 June	
	2024 AUD	2023 AUD
Management fees	6,708,804	6,185,364

No director has a service contract with the Company. The Directors of the Company who are employees within the Mirae Asset Global Investments Group did not receive separate remuneration in their capacity as Directors of the Company.

4. INCOME TAX

Under the terms of the Administration Services Deed Poll between the Company and GXMA,

- the creation and redemption fees are paid by holders transacting in Metal Securities directly with the Company to the management company (GXMA);
- the monthly bullion sales charge is paid directly to the management company; and
- the management company pays all expenses required to facilitate the investment in the Metal Securities, including income taxes.

This arrangement means the Company has received no income and incurred no liabilities or expenses, and therefore no income tax expense is recorded for the half-year ended 30 June 2024 (2023: AUD Nil).
