INDEX DESCRIPTION

The Global X US 100 Index aims to track the performance of 100 of the largest companies listed on the US market, excluding financials and REITs. Companies are weighted by market capitalisation. Individual securities are capped at 14%, with the total weight of the top eight companies capped at 47.5%. The index follows an annual reconstitution at the close of the last trading day in November. A quarterly rebalance occurs after the close of the third Friday of March, June, September and December each year.
