Directors' Report

The directors of Global X Management (AUS) Limited (the "Responsible Entity"), the Responsible Entity of Global X S&P 500 High Yield Low Volatility ETF (the "Fund"), present their interim report together with the condensed interim financial statements of the Fund, for the half-year ended 31 December 2023 and the auditor's report thereon.

Fund Objectives

The Fund aims to provide investors with a return that (before fees and expenses) tracks the performance of the S&P 500 Low Volatility High Dividend Index (the "Index") by holding all of the shares that make up the Index closely in proportion to their index weights. All assets of the Fund are held in segregated accounts with the Custodian, The Hongkong and Shanghai Banking Corporation Limited, Sydney Branch.

The Fund is an Exchange Traded Fund ("ETF") and can be traded by investors on the Australian Securities Exchange ("ASX"); ETFs can be bought and sold like any other share through normal brokerage accounts.

Principal Activities

The Fund was constituted on 2 March 2015 and commenced its operations on 9 June 2015. The Fund is currently quoted on the ASX. The admission date was 12 June 2015.

The Fund invested in accordance with the provisions of the Fund's Constitution. There were no significant changes in the nature of the Fund's activities during the half-year ended 31 December 2023.

The Fund did not have any employees during the half-year ended 31 December 2023.

Directors

The following persons held office as directors of the Responsible Entity during the half-year or since the end of the half-year and up to the date of this report:

Evan Metcalf

Thomas Park

Kim Young

Kanish Chugh (Resigned on 7 September 2023)

Oliver Reynolds (Appointed on 11 September 2023)

Chi Ho Man (Appointed on 12 December 2023)

Review and Results of Operations

During the half-year, the Fund continued to invest funds in accordance with target asset allocations as set out in the governing documents of the Fund and in accordance with the provisions of the Fund's Constitution.

Results

The performance of the Fund, as represented by the results of its operations, was as follows:

	Half-year ended 31 December 2023	Half-year ended 31 December 2022
	AUD'000	AUD'000
Profit for the half-year	1,444	1,894

Review and Results of Operations (continued)

Returns

The table below demonstrates the performance of the Fund as represented by the total return.

	Returns*		
	1 July 2023 to 31 December 2023 %	1 July 2022 to 31 December 2022 %	1 July 2021 to 31 December 2021 %
Global X S&P 500 High Yield Low Volatility ETF returns	2.23	2.49	7.43

*Returns (after fees) are calculated on the assumption that all distributions are reinvested in the Fund, and include the effect of compounding.

Significant Changes in State of Affairs

In the opinion of the directors, there were no significant changes in the state of affairs of the Fund that occurred during the financial half-year under review.

Matters Subsequent to the end of the half-year

As the investments are measured at their 31 December 2023 fair values in the condensed interim financial report, any change in values subsequent to the end of the reporting period is not reflected in the Condensed Statement of Profit or Loss and Other Comprehensive Income or the Condensed Statement of Financial Position.

No other matter or circumstance has arisen since 31 December 2023 that has significantly affected, or may significantly affect:

- (i) the operations of the Fund in future financial periods, or
- (ii) the results of those operations in future financial periods, or
- (iii) the state of affairs of the Fund in future financial periods.

Rounding of Amounts

The Fund is a registered scheme of a kind referred to in ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191, issued by the Australian Securities and Investments Commission relating to the "rounding off" of amounts in the directors' report and financial statements. Amounts in the directors' report and the financial statements have been rounded to the nearest thousand dollars in accordance with ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191, unless otherwise indicated.

Directors' Report (continued)

Auditor's Independence Declaration

A copy of the auditor's independence declaration as required under Section 307C of the *Corporations Act 2001* is set out on page 4.

The condensed financial statements were authorised for issue by the directors on 8 March 2024.

This report is made in accordance with a resolution of the directors.

1 General Information

These condensed interim financial statements cover Global X S&P 500 High Yield Low Volatility ETF (the “Fund”) as an individual entity. The Fund was constituted on 2 March 2015 and commenced its operations on 9 June 2015. The Fund is currently quoted on the ASX. The admission date was 12 June 2015.

The Fund is domiciled in Australia and is a for-profit entity.

The Responsible Entity of the Fund is Global X Management (AUS) Limited (the “Responsible Entity”). The Responsible Entity's registered office is Level 9, 115 Pitt Street, Sydney NSW 2000 Australia.

The condensed interim financial report was authorised for issue by the directors on 8 March 2024. The directors of the Responsible Entity have the power to amend and reissue the condensed interim financial statements.

The condensed interim financial statements are presented in Australian Dollars, which is the Fund's functional currency.

2 Basis of Preparation and Accounting Policies

The condensed interim financial statements are general purpose financial statements prepared in accordance with the *Corporations Act 2001* and AASB 134 *Interim Financial Reporting*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*.

The condensed interim financial statements do not include all the notes of the type normally included in an interim financial report. Accordingly, these condensed interim financial statements are to be read in conjunction with the interim report for the year ended 30 June 2023 and any public announcements made during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The Fund is a registered scheme of a kind referred to in ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191, issued by the Australian Securities and Investments Commission relating to the “rounding off” of amounts in the directors' report and the condensed interim financial statements. Amounts in the directors' report and the condensed interim financial statements have been rounded to the nearest thousand dollars in accordance with ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191, unless otherwise indicated.

Accounting policies and methods of computation adopted in the preparation of the condensed interim financial statements are consistent with those adopted and disclosed in the Fund's 2023 annual financial report for the financial year ended 30 June 2023.

There are no new standards, interpretations or amendments to existing standards that are effective for the first time for the financial half-year beginning 1 July 2023 that would be expected to have a material impact on the Fund.

3 Financial Instruments

(a) Fair Values of Financial Assets and Liabilities

The carrying amounts of the Fund's assets and liabilities at the end of each reporting period approximate their fair values.

Financial assets and liabilities at fair value through profit or loss are measured initially at fair value. Transaction costs on financial assets and financial liabilities at fair value through profit or loss are expensed immediately. Subsequent to initial recognition, all instruments at fair value through profit or loss are measured at fair value with changes in their fair value recognised in the Condensed Statement of Profit or Loss and Other Comprehensive Income.

The carrying value less loss allowance of other receivables and payables are assumed to approximate their fair value. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Fund for similar financial instruments.

(i) Fair value in an active market

The fair value of financial assets and liabilities traded in active markets is based on their last traded prices at the end of the reporting period without any deduction for estimated future selling costs.

The Fund values its investments in accordance with the accounting policies set out in the Fund's 2023 annual financial report. For the majority of its investments, the Fund relies on information provided by independent pricing services for the valuation of its investments.

The quoted market price used for financial assets and financial liabilities held by the Fund is the last traded market price. Where the last traded price does not fall within the bid-ask spread, an assessment is performed by the Responsible Entity to determine the appropriate valuation price to use that is most representative of fair value.

3 Financial Instruments (continued)

(a) Fair Values of Financial Assets and Liabilities (continued)

(i) Fair value in an active market (continued)

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service or regulatory agency and those prices represent actual regularly occurring market transactions on an arm's length basis.

(ii) Fair value in an inactive or unquoted market

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

Where discounted cash flow techniques are used, estimated future cash flows are based on management's best estimates and the discount rate used is a market rate at the end of the reporting period applicable for an instrument with similar terms and conditions.

For other pricing models, inputs are based on market data at the end of the reporting period. Fair values for unquoted equity investments are estimated, if possible, using applicable price/earnings ratios for similar listed companies adjusted to reflect the specific circumstances of the issuer.

The fair value of derivatives that are not exchange traded is estimated at the amount that the Fund would receive or pay to terminate the contract at the end of the reporting period taking into account current market conditions (volatility and appropriate yield curve) and the current creditworthiness of the counterparties. The fair value of a forward foreign exchange contract is determined as a net present value of estimated future cash flows, discounted at appropriate market rates as at the valuation date.

(b) Fair Value Hierarchy

The Fund classifies fair value measurements using a fair value hierarchy that reflects the subjectivity of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1 Quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2 Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).
- Level 3 Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgment, considering factors specific to the asset or liability.

The determination of what constitutes 'observable' requires significant judgment by the Responsible Entity. The Responsible Entity considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The following tables present the Fund's financial assets and liabilities (by class) measured at fair value according to the fair value hierarchy at 31 December 2023 and 30 June 2023.

3 Financial Instrument (continued)

(b) Fair Value Hierarchy (continued)

As at 31 December 2023	Level 1 AUD'000	Level 2 AUD'000	Level 3 AUD'000	Total AUD'000
Financial Assets				
Financial assets at fair value through profit or loss				
Listed equity securities	64,368	-	-	64,368
Listed unit trusts	1,127	-	-	1,127
Total financial assets	65,495	-	-	65,495
As at 30 June 2023	Level 1 AUD'000	Level 2 AUD'000	Level 3 AUD'000	Total AUD'000
Financial Assets				
Financial assets at fair value through profit or loss				
Listed equity securities	59,496	-	-	59,496
Listed unit trusts	9,752	-	-	9,752
Total financial assets	69,248	-	-	69,248

Investments whose values are based on quoted market prices in active markets, and therefore classified within level 1, include active listed equities and trusts.

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. These include investment grade corporate bonds, certain listed equities, certain unlisted unit trust, and over-the-counter derivatives. As level 2 investments include positions that are not traded in active markets and/or are subject to transfer restrictions, valuations may be adjusted to reflect illiquidity and/or non-transferability, which are generally based on available market information.

Investments classified within level 3 have significant unobservable inputs, as they are infrequently traded. As observable prices are not available for these securities, the Responsible Entity has used valuation techniques to derive fair value.

The Fund did not hold any level 3 instruments during the half-year ended 31 December 2023 (30 June 2023: Nil).

There were no transfers between levels for recurring fair value measurements during the half-year ended 31 December 2023 (30 June 2023: Nil).

4 Net Gains on Financial Instruments at Fair Value Through Profit or Loss (including FX Gains/(Losses))

The net gains recognised in relation to financial assets and financial liabilities at fair value through profit or loss:

	Half-year ended 31 December 2023 AUD'000	Half-year ended 31 December 2022 AUD'000
Net unrealised gains/(losses) on financial assets and liabilities at fair value through profit or loss (including FX gains/(losses))	1,055	(3,216)
Net realised (losses)/gains on financial assets and liabilities at fair value through profit or loss (including FX gains/(losses))	<u>(963)</u>	<u>3,619</u>
Net gains on financial instruments at fair value through profit or loss (including FX gains/(losses))	<u><u>92</u></u>	<u><u>403</u></u>

5 Net Assets Attributable to Unitholders

Under AASB 132 *Financial instruments: Presentation*, puttable financial instruments meet the definition of a financial liability to be classified as equity where certain strict criteria are met. The Fund shall classify a financial instrument as an equity instrument from the date when the instrument has all the features and meets the conditions.

The Fund meets the criteria set out under AASB 132 and net assets attributable to unitholders is classified as equity.

As stipulated within the Fund's Constitution, each unit represents a right to an individual share in the Fund and does not extend to a right to the underlying assets of the Fund. There are no separate classes of units and each unit has the same rights attaching to it as all other units of the Fund.

Movement in number of units and net assets attributable to unitholders during the half-year were as follows:

	Half-year ended 31 December 2023		Half-year ended 31 December 2022	
	No.'000	AUD'000	No.'000	AUD'000
Opening balance	5,238	66,492	5,623	76,764

Applications	300	3,882	550	7,580
Redemptions	(400)	(5,154)	(250)	(3,405)
Units issued upon reinvestment of distributions	23	299	6	84
Distributions paid and payable	<u>-</u>	<u>(1,138)</u>	<u>-</u>	<u>(1,422)</u>
Closing balance	<u><u>5,161</u></u>	<u><u>65,825</u></u>	<u><u>5,929</u></u>	<u><u>81,495</u></u>

Capital Risk Management

The Fund manages its net assets attributable to unitholders as capital. The amount of net assets attributable to unitholders can change significantly on a daily basis as the Fund is subject to daily applications and redemptions at the discretion of unitholders.

The Fund monitors the level of daily applications and redemptions relative to the liquid assets in the Fund. As of 31 December 2023 the capital of the Fund is represented in the net assets attributable to unitholders table.

In the event of a significant redemption, the Fund's Constitution allows the delay of payment beyond the usual redemption timeframe but no later than the maximum number of days specified in the Constitution for satisfying redemption requests. Further, in certain circumstances such as disrupted markets, the Constitution allows payment to be delayed beyond the maximum number of days.

6 Financial Assets at Fair Value Through Profit or Loss

Independent Auditor's Review Report

To the unitholders of Global X S&P 500 High Yield Low Volatility ETF

Conclusion

We have reviewed the accompanying **Condensed Interim Financial Report** of Global X S&P 500 High Yield Low Volatility ETF (the Scheme).

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the Condensed Interim Financial Report of the Scheme does not comply with the *Corporations Act 2001*, including:

- giving a true and fair view of the Scheme's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

The **Condensed Interim Financial Report** comprises:

- Condensed statement of financial position as at 31 December 2023
- Condensed Statement of profit or loss and other comprehensive income, Condensed statement of changes in equity and Condensed statement of cash flows for the half-year ended on that date
- Notes 1 to 9 comprising material accounting policies and other explanatory information
- The Directors' Declaration made by the Directors of Global X Management (AUS) Limited (the Responsible Entity).

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Condensed Interim Financial Report* section of our report.

We are independent of the Scheme in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with these requirements.

Responsibilities of the Directors for the Condensed Interim Financial Report

The Directors of the Responsible Entity are responsible for:

- the preparation of the Condensed Interim Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*
- such internal control as the Directors determine is necessary to enable the preparation of the Condensed Interim Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Condensed Interim Financial Report

Our responsibility is to express a conclusion on the Condensed Interim Financial Report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the Condensed Interim Financial Report does not comply with the *Corporations Act 2001* including giving a true and fair view of the Scheme's financial position as at 31 December 2023 and its performance for the half-year ended on that date, and complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a Condensed Interim Financial Report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with *Australian Auditing Standards* and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
